

Surgical Technologist Admission Requirements

- Drug Test: A mandatory drug screening is required prior to beginning clinical rotation/externship. Drug screening can also occur at random.
- Externship: Some locations will be up to an hour and a half from Tulsa. Some locations may start as early as 6:00am. Since you must provide your own transportation, a back-up plan is highly recommended.
- Dress Code: Acrylic nails, nail polish, unnatural hair color, and facial piercings are prohibited. Only one small stud per earlobe is acceptable. Tattoos must be covered at all times. Clean, wrinkle-free Community Care College issued scrubs must be worn on campus and during clinical rotation/externship.
